Portfolio: <https://portfolio-seven-vert-34.vercel.app/> | LinkedIn: <https://www.linkedin.com/in/rahul-adepawar-2a2089237>

## SKILLS

- ❖ FRONTEND: HTML, CSS, React.js, Next.js
- ❖ BACKEND: PHP, Node.js, Express.js
- ❖ DATABASE: MySQL, PostgreSQL, MongoDB, Redis
- ❖ LANGUAGES: JavaScript
- ❖ DEVOPS / TOOLS: Docker
- ❖ SOFT SKILLS: Analytical Thinker, Collaborative Partner

## EXPERIENCES

- ❖ **Software Developer | Decagon Software Pvt. Ltd.** (07/2024 - Present)
  - Performed **data migration (import & export)** to integrate and maintain **school ERP databases**, ensuring data accuracy and consistency.
  - Implemented drag-and-drop functionality using Konva.js to enable interactive and dynamic UI elements in the application.
  - Developed Tally-like accounting features (Invoices, Ledger Master, Product Master) with 20% more functionality.
  - Designed and generated **custom financial and accounting reports**, improving decision-making and audit readiness.
- ❖ **Software Developer | Kalash Infotech** (08/2022 - 06/2024)
  - **Developed and maintained** desktop applications and ERP systems, optimizing workflows and improving business efficiency.
  - **Worked on full-stack development** (frontend & backend), ensuring smooth integration between user interfaces and server-side logic.
  - **Customized Shopify themes and templates** to match client requirements, delivering responsive and tailored e-commerce solutions.
  - **Converted Figma UI designs into interactive web applications**, applying best practices in front-end development and design principles.

## PROJECTS

- ❖ **Chat Application | React.js, Node.js, Express.js, Socket.IO (WebSocket), PostgreSQL, TypeScript**  
Project Links:  
GitHub: <https://github.com/RahulAdepawar/chatapp.git>  
Live Demo: <https://leafy-stroopwafel-579473.netlify.app>
  - Developed a **real-time chat application** using **Socket.IO (WebSocket)** for instant bi-directional communication.
  - Built a **React.js frontend** with **TypeScript** to improve code reliability, type safety, and maintainability.
  - Designed and implemented **RESTful APIs** using **Node.js** and **Express.js** for user authentication and message handling.
  - Created and optimized **PostgreSQL database schemas** to store users, conversations, and message history.
  - **Implemented real-time message synchronization across multiple clients without page refresh.**
  - **Applied clean code practices, modular architecture, and reusable components for scalability.**
  - **Tested APIs and real-time events to ensure reliable message delivery and error handling.**
- ❖ **KALASH BARCODE | HTML, CSS, Bootstrap, Javascript, Node.js, Express.js, MySQL**
  - Customized Dispatch Process to improve logistics and shipping operations
  - Created Challan and Invoice PDF generation feature using Node.js.
  - Developed a feature to generate Excel reports for stocks data and challan report as well as invoice reports.
  - Successfully integrated E-way Bill API, enabling seamless communication with the EWB portal and automating e-way bill generation and validation processes.
- ❖ **Susanskar Abhiyan (SSA) | HTML and CSS, BOOTSTRAP, Javascript, PHP, MySQL**
  - Successfully customized the registration page to send WhatsApp messages to users with their login credentials after registration, ensuring seamless communication and user engagement.
  - **Integrated WhatsApp API** with the SSA platform, **enabling automated message sending** and improving user experience.
  - Created reports on student data, providing valuable insights and analytics to stakeholders.
  - Generated **Excel files** using **PHP**, enabling easy **data export and analysis**.
  - **Designed and developed an admin panel to manage student data**, providing a centralized dashboard for administrators to track student progress and performance. **Automated email and WhatsApp notifications** post successful registration and payment.

## SKILLS & CERTIFICATIONS

- ❖ **SQL (Advanced, Intermediate)** – HackerRank Certified
- ❖ **JavaScript (Basic)** – HackerRank Certified

## EDUCATION

- ❖ **Bsc. in Information Technology** | B.N.N. College Bhiwandi | 9.13 CGPA 2019-2022
- ❖ **H.S.C – Science** | B.N.N College Bhiwandi | 44.00% 2018-2019
- ❖ **S.S.C** | S.P.S.P. Vidhyalay Kariwali, Bhiwandi | 68.60% 2016-2017
